

DENY LOUISIANA GOVERNOR WAS MEMBER OF MOB THAT LYNCHED 11 ITALIANS IN NEW ORLEANS

(By The United Press.)
Shreveport, La., Dec. 22.—Friends of Governor John M. Parker today denied that the executive participated in mob action in New Orleans in 1899, when eleven Italians were taken from jail and lynched.

Charges that Governor Parker had led the mob were made in a letter to the executive from T. W. Robertson, former assistant attorney-general, made public here.

The Italians were lynched, according to the letter, after they had been acquitted of the murder of the chief of police at New Orleans.

Parker, according to the charges, called upon New Orleans citizens to assemble at the Henry Clay monument on Canal street and urged them to come prepared for action. The call is said to have been published in two afternoon papers, with the name "John M. Parker Jr."

among those calling the meeting, the letter alleged.

After the crowd assembled, the jail was stormed and the Italians taken and killed, it said.

Robertson not only brought the charge against the executive, but also attacked him for publicity given the situation in Morehouse parish, the scene of recent terrorist activities. This publicity, Robertson asserted, reflects upon the "fair name of Louisiana in a way which conditions do not warrant."

The governor was also taken to task in the mislabeled for having ordered troops to Morehouse parish, which, according to Robertson, was unnecessary.

Citizens here who were in New Orleans at the time of the Italians' lynching deny that the present governor was in any way connected with them.

COAL SUPPLY OF NEW YORK SHORT

With Blizzard Raging, Reserve Fuel for Only Two Days on Hand; Nearly Foot of Snow Falls There Last Night.

(By The United Press.)
New York, Dec. 22.—New York's coal reserve dwindled to a two days' supply as a blizzard howled over the city today.

Fuel administration officials estimated the reserve tonnage undelivered to dealers at 61,500 tons. Hundreds of tenements reported only a few days' supply on hand. On an average, however, there is enough fuel in hands of dealers and householders to last two weeks, the fuel officials declared, adding that if strict conservation is adhered to the city may escape suffering.

One man was killed and another injured in accidents during the storm here. The hurricane that blew in from the sea wrecked two schooners on Long Island. Nearly a foot of snow fell during the night.

Takes Cousin Out to Show, Shooting Follows in Taxi

(By The United Press.)
Chicago, Dec. 22.—Joseph Lang, Hillsboro, N. D., died today from wounds, self-inflicted, after shooting his cousin, Mrs. H. B. Merrill, while they were speeding through downtown streets in a taxicab.

Police said Lang met Mrs. Merrill in Hillsboro and followed her to Chicago, where she lived with her husband, a physician.

The couple, driving down the boulevard in a taxi, began quarrelling and Mrs. Merrill jumped from the machine, trying to reach the protection of two policemen.

Lang opened fire and seriously injured her and then wounded himself.

"Lang asked to take my wife to a show last night," Dr. Merrill said. "He was a frequent visitor at our home. I know of no reason for the shooting."

Girl, 10, Boy, 8, Show How They Robbed Safe

Edna Kaval, 10, and her brother, Joseph, 8, are being held by the police of Chicago as the youngest safe-crackers ever arrested in the history of the Chicago police department. They admitted cracking the safe and flinging themselves into the gay life of movies, shows and sodas, with a part of the loot—\$30.00. The two had been released by the juvenile authorities some time ago, and when Captain Caughlin and Juvenile Officer Wolpert called at their home to learn how they were getting along, the boy confessed the robbery and the girl at once admitted helping him. The girl said Joseph held the chisel while she pounded the combination of a safe off with a sledge hammer.
